PROFESSIONAL SUMMARY

Video Editor and Visual Director with 3+ years of experience in video editing, post-production, motion design, and AI-generated content. I produce cinematic trailers, commercials, and social-first storytelling — from concept through editing, color grading, sound design, and VFX. Currently delivering generative AI video and motion work for clients in the United States and the United Kingdom.

PROFESSIONAL EXPERIENCE

AI Image & Motion Editor — Upwork | United States (Remote) | Jul 2026 – Present

- Produce AI image and motion content with Higgsfield AI on a long-term hourly contract
- Generate and art-direct stills, then animate them into finished motion clips
- Deliver ready-to-use assets matched to the client's brief and creative direction

Stickman Animation Editor — YouTube Channel | Tbilisi, Georgia (Remote) | Jun 2026 – Present

- Illustrate stickman frames in Adobe Illustrator and assemble them into long-form hard-cut animation
- Build 8–10 minute episodes from ready-made voiceovers, one frame per idea
- Own visual comedy, pacing, and SFX-driven sound design end to end

Generative AI Video Editor — Georgian Ad Company | Tbilisi, Georgia | Apr 2026 – Present

- Produce AI-generated commercials, from 30-second spots to 8-minute brand films
- Generate voiceovers, images, and full video scenes with modern generative AI tools
- Edit, grade, and sound-design each spot into a polished, ready-to-air ad

Visual Story Editor — PlotRoom | London, UK (Remote) | Apr 2026 – Present

- Edit talking-head footage into highly engaging content for social media audiences
- Manage end-to-end production: editing, audio design, and motion storytelling
- Shape narrative structure and pacing to hold attention on short-form platforms

Visual Story Editor — TalesBox | London, UK (Remote) | Nov 2025 – Apr 2026

- Produced highly engaging content for digital audiences across social platforms
- Managed end-to-end video production, including editing, audio design, and motion storytelling
- Developed visual storytelling concepts for creative and marketing projects

Visual Director (Post-Production & Production) — Freelance | Tbilisi, Georgia | Aug 2023 – Present

- Filmed construction processes for U.S. clients under short-term contract projects
- Directed shoots with drone and Canon cameras using gimbal stabilization
- Managed script development, copywriting, audio design, and professional color correction
- Worked with clients and teams to meet deadlines and project goals
